Contents

Volume 78 | Number 1 | February 1997

1 Snake coiled fibres in rat soleus muscle in chloroquine induced myopathy share immunohistochemical characteristics with amyloid depositions in Alzheimer s disease brain tissue
K. Tsuzuki, R. Fukatsu, Y. Takamaru, T. Yoshida, Y. Hayashi, K. Kobayashi, N. Fujii and N. Takahata

9 Histopathological changes in Yucatan minipig skin following challenge with sulphur mustard. A sequential study of the first 24 hours following challenge
R.F.R. Brown and P. Rice

21 Endogenously elicited antibodies to platelet derived growth factor-BB and platelet cytosolic protein inhibit aortic lesion development in the cholesterol-fed rabbit
C. Rutherford, W. Martin, M. Carrier, E. E. Ånggård and G.A.A. Ferns

33 Interleukin-10- and corticosteroid-induced reduction in type I procollagen in a human *ex vivo* scar culture
A. Wangoo, C. Laban, H.T. Cook, B. Glenville and R.J. Shaw

43 Resistance of TNF/LTα double deficient mice to bleomycin-induced fibrosis
P.F. Piguet, S. Kaufman, C. Barazzone, M. Muller, B. Ryffel and H.P. Eugster

49 Reversal of phenobarbital-induced hyperplasia and hypertrophy in the livers of *lpr* mice
C.E. Sarraf, M. Horgan, R. Edwards and M.R. Alison

Volume 78 | Number 2 | April 1997

57 **Current Status Review** Regulation of angiogenesis by hypoxic stress: from solid tumours to the ovarian follicle
M. Neeman, R. Abramovitch, Y.S. Schiffenbauer and C. Tempel

71 Injury-induced alterations in newly synthesized sulphated proteoglycans from rabbit arterial neointima covered by regenerated endothelium
A.E. Ismail, F. Wasty, S. Moore and M.Z. Alavi

81 Experimental cutaneous leishmaniasis: transmission electron microscopy of the inoculation site
C. Vasconcellos and M.N. Sotto

91 Regeneration of myoepithelial cells in rat submandibular glands after yttrium aluminium garnett laser irradiation
S. Takahashi, T. Domon, T. Yamamoto and M. Wakita

101 An age-related change in susceptibility of rat brain to encephalomyocarditis virus infection
H. Ikegami, K. Takeda and K. Doi

109 Bile secretion by the rat liver during synchronized regeneration
G.R. Sainz, M.J. Monte, E.R. Barbero, M.C. Herrera and J.J.G Marin

117 Synthesis of glycoconjugates by human diseased veins: modulation by procyanidolic oligomers
I. Drubaix, L. Robert, M. Maraval and A.M. Robert

Volume 78 | Number 3 | June 1997

123 In the absence of Epstein-Barr virus infection, phorbol ester modulates apoptosis in cycloheximide-treated Burkitt's lymphoma (BJA-B) cells
H. Ishii, H. Tamauchi and G.C. Gobé

133 Lymphohaematopoietic abnormalities and systemic lymphoproliferative disorder in interleukin-2 receptor γ chain-deficient mice
M. Ikebe, K. Miyakawa, K. Takahashi, K. Ohbo, M. Nakamura, K. Sugamura, T. Suda, K. Yamamura and K. Tomita

149 *In situ* analysis of ischaemia/reperfusion injury in rat liver studied in three different models
I. H. Straatsburg and W.M. Frederiks

163 Phenotypic variation in hamster bronchial mucous cells induced by different airway irritants
S. Jamil and T.G. Christensen

169 Modification of spontaneous renal lesion of APA hamsters by streptozotocin-induced diabetes
E. Nishida, J. Yamanouchi, S. Ogata, K. Doi and S.I. Itagaki

177 Haematopoietic progenitor cells transfected with a differentiation antigen show cellular transformation and tumour growth in mice
R. Huss, D.H. Myerson and H. Joachim Deeg

187 Intrinsic control of vascularization in developing cartilage rudiments
S.A. Fenwick, P.J. Gregg, S. Kumar, J. Smith and P. Rooney

Volume 78 | Number 4 | August 1997

197 **Stem Cell Review Series** Haemopoietic stem cells: their heterogeneity and regulation
G.J. Graham and E.G. Wright

219 **Stem Cell Review Series** The intestinal epithelial stem cell: the mucosal governor
C.S. Potten, C. Booth and D.M. Pritchard

245 Abnormal development and differentiation of macrophages and dendritic cells in viable motheaten mutant mice deficient in haematopoietic cell phosphatase
K.-I. Nakayama, K. Takahashi, L.D. Shultz, K. Miyakawa and K. Tomita

259 Dietary vitamin E supplementation inhibits thrombin-induced platelet aggregation, but not monocyte adhesiveness, in patients with hypercholesterolaemia
J.C. Williams, L.A. Forster, S.P. Tull, M. Wong, R.J. Bevan and G.A.A. Ferns

267 Ultrastructure of rat lung following inhalation of ricin aerosol
R.F.R. Brown and D.E. White

277 Pulmonary surfactant composition early in development of acute lung injury after cardiopulmonary bypass: prophylactic use of surfactant therapy
P.L. Haslam, C.S. Baker, D.A. Hughes, P.D. MacNaughton, N.E. Moat, A. Dewar, A. Aggarwal and T.W. Evans

A1 **British Connective Tissue Society Meeting**

Volume 78 | Number 5 | October 1997

291 **Stem Cell Review Series** Lung stem cells
W.R. Otto
311 **Stem Cell Review Series** Stem cells in prostatic epithelia
C.S. Foster and Y. Ke
331 Coexpression of CD69 and HLADR activation markers on synovial fluid T lymphocytes of patients affected by rheumatoid arthiritis: A three-colour cytometric analysis
A. Afeltra, M. Galeazzi, G.D. Sebastiani, G.M. Ferri, D. Caccavo, M.A. Addessi, R. Marcolongo and L. Bonomo
337 Pathogenesis of schistosomal 'pipestem' fibrosis: a low-protein diet inhibits the development of 'pipestem' fibrosis in mice
E.M. Coutinho, M.M. de Souza, L.M. Silva, CL. Cavalcanti, R.E. de Araujo, A.A. Barbosa, A.W. Cheever and Z.A. Andrade
343 Vacuolar cytoplasmic phase separation in cultured mammalian cells involves the microfilament network and reduces motional properties of intracellular water
T. Henics and D.N. Wheatley
355 Characterisation of apoptosis in intestinal ischaemia-reperfusion injury – a light and electron microscopic study
K.A. Shah, S. Shurey and C.J. Green
364 Erratum

Volume 78 | Number 6 | December 1997

365 **Stem Cell Review Series:** Liver stem cells: when the going gets tough they get going
M.R. Alison, M. Golding and C.E. Sarraf
383 Effect of maternal cholestasis on the kinetics of bile acid transport across the canalicular membrane of infant rat livers
M.A. Serrano, M.J. Monte, M.C. Martinez-Diez and J.J.G. Marin
391 Influence of treatment with immunosuppressive drugs in mice chronically infected with *Trypanosoma cruzi*
S.G. Andrade, A.C. Filho, A.J.M. de Souza, E.S. de Lima and Z.A. Andrade
401 Experimental myelitis caused by herpes simplex virus type 2 in C57BL/6N and BALB/cN Mice
T. Kinjo, K. Tsuhako, W. Sirirungsi, K. Sunagawa, I. Nakazato and T. Iwamasa
411 Effect of methylprednisolone on the ulceration, matrix metalloproteinase distribution and eicosanoid production in a model of colitis in the rabbit
D. Anthony, F. Savage, P. Boulos, R. Hembry, V. Sams and M. Trevethick
421 Impaired human coronary artery distensibility by atherosclerotic lesions: a mechanical and histological investigation
O. Frøbert, J. Schiønning, H. Gregersen, U. Baandrup, J.A.K. Petersen and J.P. Bagger
429 **Author Index to Volume 78**
